EXPERIENCE

INNstight Interactive Pvt Ltd - UI Developer

October 2023 – April 2025

- Converted Figma designs into responsive, semantic HTML and CSS for cross-browser compatibility.
- Developed mobile-first, responsive layouts to ensure consistent performance across devices and browsers.
- Collaborated with designers and developers to maintain design accuracy and ensure seamless implementation.
- Optimized code for improved performance, accessibility, and enhanced user experience.

Freelance Web Developer

September 2021 – September 2023

- Built responsive, mobile-friendly websites optimized for seamless performance across devices.
- Utilized HTML, CSS, JavaScript, PHP, and relevant libraries to enhance website functionality and animations.
- Converted Figma designs into fully functional, live websites with attention to design accuracy and user experience.

Xsyser Infosystem Pvt Ltd - Web Developer Intern

May 2021 - August 2021

- Modernized the frontend architecture of two client websites using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and improving page load times by 40% across all devices.
- Collaborated with team members and clients to gather requirements and deliver projects aligning with client expectations.

EDUCATION

Shri GPM College of Science and Degree - June 2023

BSC-IT in Information Technology - CGPA: 7.20

PROJECTS:

Movie Finder: A React-based web application that allows users to search and explore movies using real-time data fetched from the TMDB (The Movie Database) API. The app provides detailed information about movies, including posters, ratings, overviews, and more.
